 Oliver Sebastian Marpaung

Profile Summary

I am a seventh-semester student majoring in Computer Science at Binus University, currently interning as an IT Developer at CIMB Niaga. I have improved my leadership, teamwork, problem-solving, and time-management abilities through this position. I am deeply passionate about developing websites, particularly in the front-end domain. My academic journey has included multiple collaborative group projects, showcasing my ability to work effectively in a team for our final course assignments. I am a dedicated worker, known for my adaptability, strong work ethic, and enthusiasm for embracing new challenges.
